Ljubljana, 3 June 2024

Dear Mr. Kovačević,

I would like to sincerely thank you for the warm hospitality and excellent organization of our delegation's visit to Podgorica. Your attention to detail and professionalism significantly contributed to the success of our meeting and further strengthening the cooperation between our institutions.

By signing the Agreement between the State Audit Institution of Montenegro and the Court of Audit of the Republic of Slovenia, we have elevated our cooperation to a higher level, aiming to improve the quality of audits and strengthen professional capacities. I am particularly impressed by your willingness to share best practices, which will certainly contribute to the development of new auditing methods and tools.

Your words during our visit about the importance of cooperation between our institutions within EUROSAI and our joint work in working groups for municipal audits, environmental protection, and information technology, underscore the importance of our collaboration. Your extensive experience in conducting environmental audits will be invaluable for our future projects.

I believe this agreement represents a mutual interest in improving working methods and increasing the professional capacities of our institutions. Work planning, strategic goals, monitoring the implementation of audit recommendations, IT strategy, and digitization of audit processes are key areas we will focus on in the future.

Once again, thank you for your support, kindness, and professionalism shown during our visit. I look forward to continuing our cooperation and achieving new joint successes.

Yours sincerely,

Jana Ahčin
President
